

## Let's Hear Your Voice Sample Lyrics

It might sound silly what we're about to say  
Schools without music, it's not the way  
No instruments, no pitch, no bass  
Please listen to us while we plead our case

Chorus:

Music makes us happy  
Sing along cause music helps us grow and learn each day

Music makes us happy  
Clap along to help us move and make friends along the way

Music makes us happy  
Play along to help our memory and see us all make A's

Music makes us happy  
Dance along and watch the smiles that music puts on our face
